

# Mrs Blagg/Mrs Howland

## Curriculum Review

### Autumn 2023

#### English

This term we have read the books, 'The Tin Forest' and 'Stone Age Boy'. The children have written a range of text types including descriptive writing, stories, instructions and letters. They have tried hard to include a variety of punctuation and to structure their sentences correctly.

#### Music

In Music they have been learning to play the ukulele this term. They have been working hard to position their fingers correctly, hold it correctly and play in time. They are excited to do their performance and to learn more next half term.

#### Geography

The children have been learning about the local area. They have enjoyed locating counties throughout the North East of England and have found learning about human and physical features very interesting. They have been able to use coordinates to describe where local landmarks are positioned on a simple map of Darlington.

#### Science

This term we have been learning about animals including humans. They now know lots about how to keep their bodies healthy by eating a balanced diet and they have found out lots of facts about the human skeleton. They showed lots of enthusiasm while carrying out an investigation to see if taller people have longer bones. It was really fun!

#### History

The children have learnt all about the Stone Age this term. They have enjoyed learning about what life was like in the Stone Age, including where they lived, what they wore and how they survived. They were History detectives when they used clues to identify Stone Age tools.

#### Art

This term the children have been improving their drawing skills using charcoal. They looked at a variety of small objects to create small and large observational drawings using different drawing techniques. They have looked at Stone Age Cave paintings and created hand print drawings using charcoal and their own cave drawings.
